

TAILORED COLLATERAL

We work with you to create all the assets that you need to support your new Voice Engagement Solution. From front-desk hand outs to in-room collateral, we create beautiful, unobtrusive materials that incorporate proven best practices and make your brand shine.

- ☑ **Collateral Options**
 Choose the collateral pieces that make sense for your property - from rack cards and business cards to table tents and brochures.
- ☑ **Beautiful Design**
 Our designers will work with your brand team to create truly beautiful pieces that you'll want to showcase.
- ☑ **High Quality Materials**
 We use only the finest paper and printing processes to create high quality materials that exceed your brand standards.

ADMINISTRATIVE TOOLS

Your software is in your hands with the admin panel we provide. Your staff can easily adjust the software responses in real-time to account for changes in your information (like special events) or update daily deals.

- ☑ **Self-Management**
 Your Admin Panel allows you to fully-manage the Volara software, enabling you to change answers in real-time.
- ☑ **User Accounts**
 Create staff accounts with special permissions to allow editing of specific answers within the Volara app.
- ☑ **Interaction Log**
 Monitor every interaction in real time, so you know what your guests are saying and can meet there every need.

SETUP & SUPPORT

From the pre-launch phase through to solution optimization, we are right there with you. We ensure each device is connected and placed in accordance with best practices to ensure uptime, increase utilization, and deter misuse and loss. While our devices are easy-to-set up, we'll never make you go it alone.

- ☑ **Device Setup and Installation**
 Our technical team - in collaboration with your staff - will handle delivery, device placement in each guest room and connection to your management portal through the hotel's wireless internet. No hard wiring is required.
- ☑ **Software Updates**
 Regular improvements from the cloud ensure your software is always up-to-date as the technology evolves.
- ☑ **Staff Training and Ongoing Support**
 Our team of experts will provide your staff training and resources to fully manage the deployment, but ongoing support is always available to address any questions.
